

# tesafilm® BASIC invisible

## Product Information

BNR 58555

## Product Description

tesafilm® BASIC invisible is a photocopy-neutral self-adhesive film. It can be written on with ballpoint pens and pencils and is ideal for repairing documents.

## Product Features

- Solid quality
- Can be written on with ballpoint pen and pencil
- Photocopy-neutral
- Available in several dimensions

## Technical Information (average values)

The values in this section should be considered representative or typical only and should not be used for specification purposes.

## Product Construction

- |                    |                     |                   |       |
|--------------------|---------------------|-------------------|-------|
| • Backing          | BOPP                | • Total thickness | 41 µm |
| • Type of adhesive | water-based acrylic |                   |       |

## Properties/Performance Values

- |                          |                    |  |                  |
|--------------------------|--------------------|--|------------------|
| • Tensile strength       | 30 N/cm            | • Residue-free removability              | no               |
| • Adhesive strength      | Standard adhesion  | • Reusable                               | no               |
| • Ageing resistance (UV) | yes                | • Roll width max                         | 15 mm            |
| • Applicationfield       | Office, Home       | • Serrated blade                         | _NULL            |
| • Batteries included     | no                 | • Solvent free                           | yes              |
| • Batteries required     | no                 | • Suitable for right and/or left handers | _NULL            |
| • Ecofriendly packaging  | _NULL              | • Suitable surfaces                      | Paper, Cardboard |
| • Hand tearability       | no                 | • Tear resistance                        | no               |
| • Hazard material        | no                 | • Tensibility                            | 40 %             |
| • Low noise unwinding    | no                 | • Transparency                           | good             |
| • Material               | PP (polypropylene) | • Unwind force                           | 1.8 N/cm         |
| • Max roll length        | 33 m               | • Writable                               | yes              |
| • Photocopy neutral      | yes                |  |                  |
